

*Urban Recreation Park Conceptual Layout*

*Parking Garage Conceptual Rendering*

*Streetscape Conceptual Layout and Rendering*

Dennis Corporation's Land Planning and Site Development is not only engineering calculations and construction drawings, it is the ability to understand the client's vision and seamlessly incorporate that vision into the adjacent surroundings. This is an intrinsic balance that must be performed all while ensuring applicable regulatory requirements are met and proper engineering practices are followed.

Our project managers and engineers assist our clients through every stage of the development process, from concept to completion. Dennis Corporation's experience and client dedication keep projects moving forward and on budget.

#### **Our Project Personnel Provide:**

- Conceptual Planning and Cost Estimating
- Property and Topographic Surveys
- Right-of-Way Investigations
- Environmental Investigations
- Coordination with Architectural Elements
- Development of Construction Plans and Technical Specifications
