

Darla Moore Project

*ICC Residential and Commercial Building Code Inspections
for the City of Hardeeville*

Irmo High School Auditorium

Dennis Corporation is experienced and certified to perform **Chapter 1 and Chapter 17 Special Inspections**. Our Special Inspections Division has worked on a variety of educational, governmental, commercial and residential projects. Dennis Corporation's staff is certified to perform inspections in accordance with the American Society for Testing and Materials (ASTM), International Code Council's (ICC) International Codes (I-Codes), Office of School Facilities (OSF), Office of State Engineer (OSE), American Concrete Institute (ACI), American Welding Society (AWS), American Society of Non-Destructive Testing (ASNDT), South Carolina Labor, License and Regulation Board (SCLLR), South Carolina Department of Health and Environmental Control (SCDHEC), and South Carolina Department of Transportation (SCDOT).

Our scope of services cover the inspections of additions and renovations to existing buildings, as well as new construction projects. Dennis Corporation inspectors are knowledgeable with the project specific interpretation of plans and specifications. Our inspectors are not only technically trained, but also have the on-site and practical experience through working on all levels of testing and inspections. Our inspectors are familiar with the communication necessary to be kept between the owner, contractor and inspections team during all stages of the project.

If you would like to discuss a potential inspection project,
please contact:
